For 20 years K Dance has introduced over 140 choreographers and performers to Richmond. These artists have traveled to Richmond from east coast, west coast, mid America and from Spain to share their contemporary choreography and exquisite dancing with our Richmond audiences. For the past 10 years the list of performers have been chosen from Dance Magazine's "25 to Watch". Past performers include a Fulbright Fellow, a MacArthur Fellow, recipients of Princess Grace awards in dance, international choreographers and companies that perform at the Kennedy Center.

The Richmond audiences have a chance to see a unique program, filled with creative ideas, and performed by accomplished dancers and actors. The innovative work of guest companies for YES! reflect the nature of contemporary work that is currently being produced globally.
